

STAR Black Powering SG Merc Annual Event

After much planning, the big day is finally here. SG Merc AMG (Annual Makan Gathering) event was held at Singapore Discovery Center on the 26 November 2011, 7pm. STAR Black powering with SG Merc Club to plan and organize this highly anticipated yearly event. This event was definitely a success. More than a 100 cars came for this event!!

At around 6pm, the girls who will be helping out with the event arrives as well as the delicious food from the caterer STAR Black engaged which includes dishes like Perking Duck, Laksa. The STAR Black girls help around with the registration table and the Goodies collection table.

I believe everyone could not wait to participate in this yearly event. About 6.30pm, convoy of Merc starts flocking in. The party starts at 7pm sharp with performance and food. Merc drivers also get the chance to interact with each other and get pointers from people of the same interest.

The Emcee is also very entertaining and kind enough to help promote our promotion STAR Black service plan whenever they can which help us attract the attention from all the members coming over to see what we have for them. With STAR Black powering SG MERC, we sponsored the few top prizes which include our STAR Black service packages.

The whole event ended at about 11pm. Though it is late at night and all of us were worn out, we all still enjoy ourselves a lot. Looking forward to the next collaboration with them.
