

## Powering Civil Service Motor Club

Balloons checked, mascot checked, FUN checked! STAR J is ready for 2011 Civil Service Club (CSC) Sports Carnival at Marina Barrage.

As the main sponsor for the 26<sup>th</sup> November 2011 event, STAR J has participated in this yearly event by turning our booth their last pit spot for Heritage Race. All participants stopping our STAR J booth have been tasked to blow up 10 STAR balloons before they are eligible to proceed to the ending point. The entire atmosphere was filled with fun and laughter.

Key highlight for the event was the announcement of STAR J powering CSC Club latest addition, CSC Motor Club. Besides providing exclusive discounts and privileges for the Club's members, STAR J has also lined up a series of activities such as open house carnivals, car care clinics and even long journey road trips.

“This is the first time STAR J has worked with a motor club and we believe that our partnership will make 2012 a very exciting year” ~ Daniel Choo, AGM STAR Automotive Centre
